Dedication William Olsen

Another boring history class? Not with Mr. Olsen! As students walk into Red 14, they do not enter any ordinary history classroom, but rather a theatre where history comes to life, and Mr. Olsen is the main attraction. His unmatched sense of humor and unique teaching techniques not only make history class enjoyable, but also give the subject an interesting flair. Mr. Olsen motivates students to want to learn about facts he personally finds so important. Whether he offers somebody a comfy seat on his couch or a tasty package of suarties, or he talks in an obnoxious yet hilarious accent or he jumps out of his window, Mr. Olsen always has clever ideas to capture his students' attention. Walking through his door, students can anticipate a welcoming atmosphere, a good laugh and definitely an important lesson or two.

Anyone who has had Mr. Olsen as a teacher knows that he surpasses the criteria for being just a teacher. He is a loving and devoted husband and father of four, a professional hiker who demonstrates his skill during YES plan and, most importantly, a confidante and friend to all. He demonstrates a true willingness to get to know his students on a personal level and to offer any type of help or advice. His friendly and warm personality sets him apart from others and makes him a fantastic person to be around.

It gives the class of 2004 great pleasure to dedicate our yearbook to Mr. William Olsen. We greatly appreciate the enormous amount of time and energy he has put forth for us during our four high school years. His positive attitude evinces his sincere love for history, and genuine enthusiasm for teaching it to us. Whether in the classroom, or on the hiking trails, or anywhere else, Mr. Olsen has been an inspiration in many of our lives.

Every class at Rutland High School has different expectations and end results. The course, *Publications*, culminates in the production of this volume you are holding. It has been my privilege and pleasure to work with the group of students captured in the photographs below. They labored over and created every aspect of this book. One common goal held the group together: the production and publication of the 2004 *Talisman*.

I hope you enjoy the results.

Winter Sports Dedication

This sports section of this year's Talisman for 2004 is dedicated to Coach Greg McClallen. Coach McClallen is known simply as "Coach" to his thousands of friends, former graduates, and people all through the community of Rutland and the state of Vermont.

Some of his accomplishments through out the years include being named National Ski Coach of the year for 1995, and over 25 Vermont State Championships in Cross Country Running, Alpine Skiing, and Track and Field. More than just producing winning teams and athletes, Greg has been a mentor and friend to many students throughout his years at Rutland. His dedication, commitment, understanding, and most of all, patience has won him respect and admiration from all the athletes he has coached.

Everyone who has had Greg as a coach knows the positive attitude that he brings to every practice, game, race, or competition. No matter the outcome of the event, he always has something positive to say. He is the type of coach whose only requests are these: work hard at what your doing, and make sure you are having fun!

CROSS COUNTRY is a sport that builds a runner's endurance and tests their attitude. It helps when your coach is behind you pushing you to run faster.

This organization fights against drinking and driving. Students are sent to the Governor's Youth Leadership Conference as well as the National Student Safety Program. This club works during "Red Ribbon Week" to make people aware of the hazards of drink-

ing and driving. Various fund raisers are held to raise money for the conferences. This year, they conducted a survey to see how many people wore their seatbelts coming into the school. They stood outside in the morning and kept tally of how many people were buckled up.

Encore Theatre

Encore Theatre had quite a busy year. The Theatre year always begins with Summer Encore. This summer we performed Charlotte's Web, fifteen times in twelve different locations! This production is performed and constructed by students in grades seven through twelve. Many summer Encore participants become Encore members when they enter the high school. We began the school year with the production of an English classic, **Jane Eyre**. This production was co-directed by Senior Kayla Bossi and Director Cathy Archer. The production was a challenge for actors and technicians alike with a staircase and a room lit through a scrim. The winter production of **13 Past Midnight** was a comedic murder mystery. The challenge for the technicians was to build a multi-level and stationary set. For the actors it was to develop their skills in comedic timing and farce. The actors also had to work with a comedy piece, which can always be difficult. **A Rose for Emily**, was the final one-act that performed at the Regional Theater Festival, hosted by Rutland. Following the show, student written and directed plays were performed in April. This show was a great exhibit and was the last play that Encore did before starting with the Y.E.S Plan musical of **Once On This Island**.

Ask Angelica!

If you have a question or would like some advice from Angelica, please drop your question in the Red & White submissions box at the library desk. Please note that not all questions will be answered.

Is the world going to explode? I am really sad my boyfriend broke up with me what should I do? Please tell me.
-Lilly
Dear Lilly,
Some scientists believe that the world will explode, but others say that it won't. I guess what you want to believe is the best for you. It will probably involve you going through a heck of a lot of pain, but try to think of it like this: life will go on and you will probably have many boyfriends and money break up is a part of life, and it will be worth it when you get through it.
Why do people who don't like children

have jobs in school?
Concerned library user,
Dear Concerned library user,
We really don't know if they don't like children. Maybe they don't know that they are being mean, maybe they think they are trying to enforce the rules. Perhaps if we all dropped it and gave them a smile, maybe they will start to smile back.
Dear Angelica,
If the glass is 1/2 full is it 1/2 empty?
-Sara Morais
Dear Sara,
To some people it is 1/2 empty and to others it is 1/2 full. What ever you want to believe that is great.

"The heat of the day remains, though the sun has dropped, below the horizon, streaking the sky with color. The warm tropical waves wash up on the pure sands, Creating a mystical, musical, 'swish', as the sun falls further. The sky darkens at the top, the sea breeze picks up, cooling the twilight, causing the large palms to sway, their large fronds softly rustling. The sun sinks lower, setting the distant horizon ablaze, silhouetting the rocky cliffs, and the palms. The first stars shine forth, the light of the distant heavens, and the ethereal moon rises, over the golden ocean."

Forensics Club

The Forensics Club was formed in 2002 after the Retirement of Dr. D. and the demise of Debate. No, Forensics does not meet to dissect cadavers! Forensic means “the art of study of argumentative discourse” (in medicine it means “relating medical facts to legal evidence”). We are basically a “Speech Club”. There are 7 categories of competition: Extemporaneous, Imprompt, Drama, Prose, Poetry, Radio, and original Oratory. They range from dramatic readings to memorized speeches to “off the cuff” tirades about nonsense words with a 1 minute notice. If you enjoy the spoken word, if you consider yourself a wordsmith, or if you just like to hear yourself talk... consider joining this group! we compete in 7 regular tournaments begin in November and end with the state tournament in January. This small band did very well during the ‘03-04’ season, racking up (1) 1st, (5) 2nds, (1) 3rd, 3 finalists in the States and 2004 saw the crowning of a new state champion Impromptu speaker in RHS’s Colby Shaw! we competed against 12 other schools and 80 contestants regularly. Not too shabby for a group of 7 in their second year. Oh, and the 2003 State Champ in Impromptu?..... Sean O’Hara

Each June, many outstanding Vermont high school juniors journey to Montpelier to take part in a distinctive exercise in citizenship and leadership known as Boys’ State and Girls’ State. In weeklong sessions, these young statesmen and stateswomen learn first-hand about the rudiments and challenges of American democracy, from the Town Hall to the Statehouse. They organize and run their own town governments, a state legislature, a court system and constitutional offices, like those of Governor and Lieutenant Governor. The American Legion and Vermont American Legion Auxiliary sponsor this valuable program respectively.

And your vision be a straight path before you.

Congratulations to one half of Jersey Vice, Double Trouble, Mrs. Batman & Mrs. Robin-

You changed my life the day you were born, in the most profound way. Every day of your life you have taught me the true meaning of strength, courage, grace and determination. Watching you grow from the little "peanut with plugs" to the vivacious and beautiful young woman of today has been an amazing journey filled with laughter & tears - and a lot of gray hair! You have always taken the road less traveled - sometimes making your own road when you didn't like the one in front

of you - and I hope you never stop doing that. I am so proud of who you are, of what you have accomplished, of what you have overcome and always remember that nothing and no one can limit you except yourself.

With boundless love & joy,

Mom

p.s. now you have published photographic proof that you were once taller than Desiree!

Memories

I wanted to share one more memory with you. When I look back I see a very confident 4 year old. "What do you want to be when you grow up?" A plum farmer! You answered. OK, Why we asked. "Because I love plums" (of course). I look at you now and I see a very confident young man. So now that you are grown up what do you want to be? What ever the choice be it plum farmer, engineer or minister. We could not be prouder, we Love You!!
